

2020 Albarino

Grape Variety used:

100% Albarino

Alcohol:13.3

Production: 53 Cases

Bottled: January 2021

This is a green skinned grape varietal native to Galicia grown on the north Atlantic coast of Spain. Albarino exhibits aromas of passion fruit, bananas, peach and melon. On the palate you will find subtle notes of apricot, with a hint of salinity.

It pairs well with halibut or pork sausages due to slightly oily character of the wine.
